

MILLAGE CONTINUATION PROPOSAL

This millage would continue the existing .50 mills allocated to Henry Ford Community College by the School District of the City of Dearborn, which millage was voted for general operating purposes in 2003 for five (5) years, from years 2005 to 2009 inclusive and which will expire with the School District's 2009 tax levy.

Shall the existing tax of one-half mills (\$.50 per \$1,000 of taxable value) continue to be levied to provide funds for general operating purposes of Henry Ford Community College upon the taxable property in the School District of the City of Dearborn, County of Wayne, Michigan for five (5) years, from years 2010 to 2014 inclusive? If approved this millage would continue to provide an estimated \$2.2 million for the College/District in 2010. This is a continuation of an existing millage.
